GOLF COURSES

Bali Hai

An amazing setting, just yards from the centre of Vegas - US golf just as you dreamed it - Bermuda Fairways, blue lakes and ice-white bunkers. The perfect start to Nevada golf.

Royal Park

Only in the States and only in Vegas would you find a links course in the centre of the desert! An amazing contrast to the other two courses that even has three holes from St. Andrews!

Paiute - Wolf

The longest course in Nevada at way over 7,000 yards - but don't worry we won't be playing from the very back Tees - unless you want to???
